

**UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF VIRGINIA
Richmond Division**

**JAIRO BRENES,
Et al**

**Case No: 3:10-cv-604-JRS
JURY DEMANDED**

Plaintiffs,

v.

**EQUIFAX INFORMATION SERVICES, LLC,
Defendant.**

RESPONSE TO [4] ORDER

Comes now the plaintiffs, by counsel, and in response to [4] order by the court to explain why the case should not be dismissed, says as follows:

The matter has mostly settled between the parties, and what is left is the finalization of the credit files of each plaintiff. Approximately 5 plaintiffs have consumer credit files that are still incomplete and inaccurate. The balance of the files are corrected, and except for a few who have not been paid, had settlement made upon their claim.

As a result, the case is almost ready to be settled and dismissed, however, in the interest of justice, the court should not dismiss the action, in order to retain jurisdiction over the defendant, and enforce any settlement agreement.

Alternatively, the court could dismiss the action as settled, and retain jurisdiction to enforce any settlement agreement between the parties.
